 **legrand**®

LIVE THE ADVANTAGE

Why
can't
a distribution board
get a second
glance?

legrand

When it pays to **reinvent the new.**

Presenting Ekinox³, the most advanced, smart and stylish innovation in distribution boards. This sleek and compact range is here to change the way distribution boards are perceived forever. Here, a classy, stylized finish joins modern, sophisticated shades; integrating it perfectly with any interior. Gone are the days when it was a fuddy-duddy piece, hidden in the corner of a wall.

**Here's how
Ekinox³
reinvented
a traditional
design**

Why
should we
always reinvent
the old **?**

Why
can't a
distribution board
help me sleep
without worry?

Here's how **Ekinox³** reinvented solutions for diverse spaces

When it comes to safety, nothing is too much. At Legrand, we have raised the bar to an unimaginable level. Ekinox³ has been designed in accordance with IEC 61439-3, a stringent safety regulation which stands for maximum reliability and excellent safety potential.

Here's how **Ekinox³** reinvented electrical safety

At Legrand, we've devised a variety of designs for Ekinox³ which are suitable for different kinds of spaces.

Why can't there be a distribution board for every space?

Integrated earthing system in order to avert risky contact

Completely insulated bus bars guarantee safety from severe shocks

Plastic caps for complete insulation of unused connections

Shrouded neutral bars and insulated din rail for complete isolation

High-quality virgin CRCA sheet steel to cushion shocks

IK 08 for single door & IK 09 for double door

Why
can't a
distribution board
be easy
to maintain?

Here's how
Ekinox³ reinvented
energy distribution

Ekinox³ is an experience unlike any other. Imagine a distribution board built with incredible features which keep you away from the worry of constantly maintaining it. Ekinox³ is designed to work as beautifully as it looks.

Here's how **Ekinox³** reinvented maintenance needs

With Ekinox³, we've pushed best to a better level. While others have designed countless variations of distribution boards, no one has really understood the needs and complexities of projects with variable power requirements.

Why
can't a
single range of
distribution boards
work for all
applications?

Reversible door can be
easily removed

Normal lock convertible
to key lock, so that it isn't
tampered with

Why can't installing a distribution board be easier?

Cable-end box and metering box can be mounted on the top or bottom

Quick fasteners for an everlasting hold

Easily removable knock-outs for cable glanding

Suitable for flush mounting and surface mounting

Colour-coded neutral bars for easy identification

2-in-1 packaging (with separate packing for door, shield and frame)

Separately packed wireset and bus bar

Nut inserts for longer installation life

Plastic plugs for mounting holes

Improved IP30 protection for single door distribution boards

Metering box and cable-end box for additional space

Pre-fitted masking sheet to prevent foreign materials from entering during installation

Ample wiring space for easy and better wiring

True, innovation begins from within. At every possible level on the inside, Ekinox³ has been engineered to make the user's life simpler with its ground-breaking installation features, providing easy and accessible wiring.

Here's how **Ekinox³** reinvented functionality

Sleek and efficient
pan assembly system

Visual anti-insertion facility
to maintain IP protection

Stronger glanding plates to hold the cables

Plastic caps with a dual advantage of stopper &
insulating bracket
